

The image shows an industrial facility with large plate heat exchangers. The equipment is painted in shades of blue and green. There are various pipes, valves, and ladders visible. The scene is brightly lit, possibly from overhead industrial lights. The overall impression is of a well-maintained industrial plant.

## PROFILE

We are one of the leading Suppliers of a wide range of Products, Factory representative in indonesia with experience more than 20 year and our products have been export to america, europe and asia. Due to our vast industrial experience, we have gained enormous proficiency in offering quality range of products. Our entire Products range is stringently tested by our team of experts on various quality parameters to confirm the product range with the international standards.

We are catering to industries like Refinery, Food, Otomotif, Pulp & Paper, Pharmaceutical, Manufacturing, Iron & Steel, Power Plants, Dairy, Chemical, Fertilizer, Marine, Cement, Sugar and HVAC etc.

We have over 300 different models of PHE Gaskets in our present range and with the help of prominent Rubber Technologists, we have developed formulations for NBR, EPDM, HNBR, High temp EPDM (NBR), Viton, Viton G, etc to cater to the requirements of different industries in various countries. We are continuously expanding our range of PHE gaskets by making new moulds and are regularly investing in latest technology of rubber engineering and mould making to ensure total customer satisfaction.

## PRODUCTS FEATURES

- High Efficiency
- Durability
- Sturdy Construction
- Temperature Resistance
- Flexible
- Excellent Conductive Rate
- Excellent Mechanical Properties
- Minimal Operational Cost

## QUALITY ASSURANCES

Quality is the key issue in establishing ourselves in the top position. We have all the requisite facilities that enable us in conducting a series of stringent checks.

## CUSTOMER SATISFACTION

Since our inception, we are satisfying the needs of our clients by offering them a comprehensive range of products that meets the international standards. Our assortment can also be customized as per the specific requirements on the basis of shapes and designs provided to us by our esteemed clients.

We have shaped and directed all our endeavors towards attaining maximum satisfaction by providing quality products. More over our ethical and transparent business practices have helped us in gaining a huge clientele.

## SERVICES

We also provide cleaning and expand services of Plate Heat Exchanger units.
